Book Review

"The Invisible Sun." Author, Mildred Lee. Published by The Westminster Press, Philadelphia. This convincing writer has a rich background with her numerous short stories. This is her first attempt at a full length novel. She is the daughter of a country minister whom she called the best country preacher I ever knew. She takes her book title from Sir Thomas Browne's saying—"Life is a pure flame and we live by an invisible sun within us." In this, her first novel, she gives the impression of great promise in her ability to vividly picture life in all its aspirations; its depths of human experiences. A Southern town is her locale, and she draws as her main character the minister in this sleepy little village, where sultry weather takes the life out of hearts—yet life flows freely and humanity is found bubbling, arrogant and hard even where sweet natures have to endure loneliness and loveless hours. Every page is full up with deep revelations in character and deep interest holds to the end. A worthwhile book. Kathleen S. Fuller.

Ralph Ulmer Camp and Auxiliary will meet Wednesday night at Region Hall. Supper at 6 with Mrs. Margie Thorndike chairman. Take prizes.

Raggusso Released

Now You See It Now You
Don't Evidence In Rum
Trial

Joseph Raggusso of Vinalhaven, who a short time ago was placed under bail for the November term of Superior Court on charges of selling intoxicating liquor to minors, was again before Municipal Court Saturday morning on charges of selling liquor to one John L. Wentworth, 16, of Vinalhaven.

On the witness stand, Wentworth who was the State's only witness, denied having purchased liquor of Raggusso at any time or ever having been in his home. Prior to appearance in court, officials said that he had signed a statement contrary to his testimony given before the court.

He admitted having signed the statement but claimed to not have read it at the time of signing. Capt. John Wentworth, the boy's father, stated to the court that the boy had told him that he was told to sign the statement or the entire matter would be brought to his attention. The court ruled that this did not constitute intimidation but refused to admit the statement as evidence.

Raggusso was released by Judge Dwin.

[EDITORIAL]

Right of way, please for our High School graduates. They are having their innings this week, and nobody should begrudge them the joy and the pride which it may mean to them. For four long years they have been devoting faithful attention to the complexities of school education, finding meanwhile the diversions which come with athletic sports and other school activities. Thursday night they will receive well earned diplomas and may indulge in idealistic dreams as to the future. Friday morning they will awaken, as countless other graduates have awakened, to the stern necessities of life and the problems of gaining a livelihood. Some already know what their future vocations are to be, others know not what is in the lap of the gods. It will be the old, old story of "after graduation, what?" Down through the years that problem has ever faced the High School graduate, and somehow it has always been solved. It will be, this year.

ONLY ONE SHOULD SMILE

Our attention was attracted last week to the Watertown (Mass.) Sun, in which Editor Fred C. Green offered this editorial comment—
Few things that can be called to mind have drawn as much adverse comment as the recent newspaper picture showing President Truman shaking hands with John L. Lewis. In the light of his fiery condemnation of Rail-roads Whitney and Johnson and the rapidly with which he lashed out at the Maritime Union chiefs, his attitude toward the most arrogant of all from this angle looks like anything but good political capital.

And we recall another picture which shows John L. Lewis indulging in uncontrolled mirth, after the settlement of the soft coal strike. Lewis was entitled to laugh long and loud, for one is to consider the fruition of his hopes, and the widespread newspaper accounts which followed the "settlement." It was Lewis who should smile—not Truman.

A BRAVE GIRL SCOUT

We have many reasons for being proud of the Girl Scouts, that fine organization which is doing so much good throughout the country, and that sentiment was enhanced yesterday when we read a Houlton despatch telling how "Jackie" Dunlap, a 14-year-old Girl Scout had saved a 4-year-old boy from drowning, and then applied artificial respiration which she had learned as a member of the Scout organization. The Scouts do good deeds every day; it is up to all of us to reciprocate.

MEETING NEGRO PROBLEM

Negro-White relations in the United States took two steps forward recently. That Missouri is the scene of one advance and Virginia the occasion of the other, is significant only in that these are both Border States where the problem is as old, if not as intensified, as in the Deep South, but neither turbulently new nor attenuated, as in the North. The Supreme Court has ruled that on interstate busses traveling through Virginia, no Jim Crow laws may segregate Negro and white passengers. Many Virginians, habituated by long custom, may find the adjustment hard. They may resent "outside dictation" on what they may consider a local problem. But it would be hard to argue that the Court's decision does damage to any citizen's rights; rather is it in harmony with the fundamental rights of men. Still, it is better when attitudes change in advance of law.

The Protestant clergymen of St. Louis, Missouri, have just elected a Negro as president of their Ministerial Alliance. In a city where for a century or more at least a tenth of the population has been Negro, and in a once slave-owning State, not a few will find this choice upsetting. But these ministers apparently felt that if they were to continue to preach the brotherhood of man, they must not hesitate to exemplify it. It will be difficult for anyone to attack their courage and their Christianity.

The contrast between these two forward steps is interesting and instructive. It is not a contrast between Missouri and Virginia. It is the contrast between the thou-shalt-not of law, and the we-will-do of forward thinking. To the extent that more Americans attain to the practical Christianity of these ministers, to that extent will there be fewer discriminatory laws for the Supreme Court to invalidate—not just in Virginia, but everywhere.—Christian Science Monitor.

Boy Scout Drive

Is Being Waged This Week
With View To Raising
\$1650

A fund raising campaign for the Boy Scouts of America is now underway and will continue until June 16. The maintenance of Scouting in this area costs approximately \$5 per year per boy and for so small an amount pays tremendous dividends in health, morale and good citizenship.

The first big Round Up of all troops in the Pine Tree Council since before the war, will be held at the Topsham Fair grounds June 14-15 and 16.

Due to the fact that the Council Round Up is to be held so near to Knox County, it will take the place of the usual district meeting which

is ordinarily held about the first of this month. A total of \$1650 dollars is needed to carry on Scouting in the district for the next year. The various troops throughout the county will benefit from the contributions. Donations may be sent to London C. Jackson at the Knox County Trust Company, Rockland.

WON THE PONY

Nelson Harmon, 17 Lisle street, aged 10, was the hero of the day Saturday morning when he became owner of the handsome western pony given away by Strand Theatre in connection with the feature "Badman's Territory." Every seat in Strand Theatre was filled during the awarding ceremony. John M. Richardson of The Courier-Gazette served as deus ex machina.

Kiwanis Club Host

The Kiwanis Club and the Rockland Chamber of Commerce held a joint meeting last night at Hotel the Coast Guard Base and rescue three such meetings. The third will be next month when the Lions Club will be the host.

President Fred C. Gatoombe of the Chamber of Commerce reported the activities of his organization for the past month, which have been considerable. The principal one has been a continued effort to obtain additional food allotments for this area for the Summer months.

Mr. Gatoombe contends, and is supported by wholesalers and retailers of food, that the allotment of all foodstuffs should be increased sharply to allow for the 10,000 to 15,000 tourists who will settle in this area this month and next and remain until September. To accomplish this, without taking from the allotments destined for Europe, the amount of food made available to Eastern cities, from which our tourists come, could be cut sufficiently to allow an adequate supply here.

The Chamber has been in constant touch with the Maine repre-

sentation in Congress in regard to the Coast Guard Base and rescue ships. He stated that all possible aid has been promised and that there should be a noticeable increase in personnel and ships as the Summer progresses. At present, the whole matter is in a state of turmoil, but is being straightened out through hard work on the part of the Chamber and the Congressional group.

Three representatives of the grain business in the city will attend a meeting in Portland today which has been called by the Maine State Chamber of Commerce to discuss the grain shortage in the State. Although the grain dealers are not Chamber members, they were contacted by Gatoombe and arrangements made for them to attend.

It was stated that the loss of poultry in the county has been large due to lack of feed, with some farmers disposing of their flocks and not making arrangements for an increase as is usual at this time of the year.

Mr. Gatoombe revealed that Sam Savitt of the Merchants' Committee has been asked to appoint a traffic committee to work with the City Council on the city traffic situ-

Held On Two Counts

Lincolnville Man Is Held For
November Term Of
Superior Court

Kenneth Clark, 24, of Lincolnville, who has been employed in Rockland as a laborer and handyman, is being held in \$500 bail on two counts for appearance in the November term of Superior Court.

He is charged with criminal assault upon the person of Delia York in her home on Pleasant street Friday. The second case charges him with the theft of \$50 from the same person; the money being given him by Mrs. York under threat of bodily harm.

In Municipal Court Saturday, he pleaded "guilty" to both charges immediately upon being queried by Judge Dwinall as to his plea. He was not represented by an attorney. Being unable to furnish bail, he was committed to Knox County jail to await the disposition of his case by the grand jury.

Mrs. York alleged that Clark, who had been hired to mow her lawn, attacked her while he was in the house after a drink of water. Later, she stated that he demanded money from her and threatened bodily harm if he did not receive it. In court, Mrs. York showed evidence of having received a beating about the head and face.

The complaint was registered with the Police Department shortly after 3 a. m. Saturday, the arrest being made at the lodging house where Clark made his home.

Pictured in the academic procession given in connection with Bowdoin's 141st commencement Saturday were two former Knox County men, Walter V. Wentworth of Old Town, Honorary Doctor of Science; and Albert T. Gould of Boston, Honorary Doctor of Laws. They formerly belonged in Rockland and Thomaston, respectively.

The Anna Coughlin Scholarship Fund has climbed to \$1,537.46 and when it reaches the \$2,500 mark loans can be made. Contributions to this deserving fund should be made to Herman M. Hart at the First National Bank, or may be left at The Courier-Gazette office. The income will be devoted to aiding deserving graduates of Rockland High School to further their education.

Payson's solo, "The Lord's Prayer" sung with a voice of beauty and promise.

Mr. Stanley chose for his sermon theme "The Course of Life," a discourse of earnestness, of high Christian thought and sustained interest. Possessed of the gift of eloquence, he impressively asked his young hearers to heed these thoughts on this important day in their lives: to have a true estimate of life; to have a true ambition, a high aim, a splendid goal, and not to cease their studies now but to continue their preparation for a Christian, productive life.

The concluding anthem "Panis Angelicus" was presented by Mr. Payson and the Glee Club with the benediction pronounced by Major Thompson. Recessional was by the orchestra under direction of Mrs. Carol G. Jilison.

Nostalgic regret filled many an old guard's heart at the abandonment of the traditional march, "Banner of Victory."

Vinalhaven Graduates Six
With Exercises in the
Modern Vein

Graduation exercises of Vinalhaven High School were held Thursday in Memorial Hall.

Stage decorations were unusually attractive, the base of which was evergreen with large figures "1946" done with white daffodils. Apple-blossoms barked the front of the platform, with two large baskets of the blooms placed on either side of the steps leading to the stage, above which was suspended the class motto "Not at the top, but climbing." The class colors, blue and silver, were festooned from the ceiling, lights to four corners of balcony.

After the undergraduates, Supt. Frederick Mossler, Principal Franklin Adams and Assistant Miss Phyllis Black were seated, the Senior Class, four girls and two boys were marshalled in by Dorothy Johnson. Miss Louise Burgess, pianist, played the "Aida March."

The program was: Invocation, Rev. Wendell P. Knox; The U.N.O. Salutory, Dorothy Kelwick; will, Joyce Robinson; gifts, Edythe Hall and Leonard Skoog; prophecy, Kenneth Hopkins; "Atomic Power," valedictory, Priscilla Whittington; presentation of diplomas, Supt. Frederick Mossler; benediction, Dr. C. S. Mitchell; recessional. The subject of the salutatory, "U.N.O.," was given in an able and impressive manner. The will, requests to the undergraduates, caused much laughter and applause. Miss Hall's gifts to her classmates proved most amusing. Leonard Skoog then presented Miss Hall with a gift and also presented the assistant teacher and pianist each a corsage of roses. The prophecy by Kenneth Hopkins gave an interesting story of his classmates' future.

The valedictory, Priscilla Whittington, delivered her subject "Atomic Power" with understanding and deep thought. It was listened to with interest by the large audience. Supt. Mossler gave good advice and fitting remarks in his address to the graduates before his presentation of diplomas.

A diploma was also presented to Herbert M. Conway, QM3c U.S. Naval Reserve, and a member of the class of 1945. He enlisted at the beginning of his senior year and was unable to finish the course, but his qualifications were complete with three years High School plus his Navy record. The diploma was awarded from August 1. He has been 19 months in the service and is the son of Mr. and Mrs. Max Conway. The presentation was made to his mother. He arrived June 7 in New Orleans from overseas.

Dust From The Diamond
It was reminiscent of the days when St. George had the best ball team in Knox County to see Simmons, the Mackies et als on the diamond again. "Sim" was covering the initial sack Sunday, and one would never guess from the capable manner in which he did it that he was long out of practice.

That was a fine running catch made by third baseman Miller when he ran almost to the catcher's position after a high fly which the wind was rapidly carrying away from him.

Probably the most persistent and consistent baseball fan in Knox County is Frank Winchenbach, manager of the Rockland Pirates. He's right in the game every minute and has given Rockland lots of baseball it would not have had, without his services.

Must have been a good game in Camden Sunday when Thomaston won 4 to 2. And it must have been swell pitching when Pendleton allowed the Megunticook boys only one hit.

At Community Park tomorrow night the fans will have a chance to see what the Camden team looks like. Will there be some more of that good old fashioned Rockland-Camden rivalry.

Right field needs mowing; the grandstand needs a few new baseboards. Attention city fathers! Because of continued wet weather it has not been possible to put the

long distast St. George ground in playing condition. Some strenuous work will be done when conditions permit.

"Dumpp" Monaghan didn't look natural in the role of umpire, but the extra poundage he has been accumulating would make it a bit difficult for him to make the amazing running catches for which he was noted in days of yore. But the fans may rest assured that he will be an honest and impartial umpire.

To you who are waiting for telephone service

Telephone instruments are being produced... but

IN the past six months, we have installed more than 194,000 telephones in New England. We are now building and installing the new central office equipment and outside plant which are needed before we can connect up telephones for the rest of the people on our waiting list.

IN GENERAL, THIS IS WHAT IS NEEDED:

- 1 Switchboard and dial equipment.** Additional switchboard or dial equipment is needed in most of the 600 Central Offices. Each job is individually designed and built by Western Electric Company, and installed by our men who must make hundreds of individual wire connections by hand. The equipment is arriving, and in many communities the work of installation is now going on.
- 2 New land and buildings.** In 20 communities, new buildings or additions to present buildings are urgently needed at the present time. In the near future, substantial additions will be made in about 200 places, and minor additions in many more. This program, too, is under way, and will be continued till the needs of every community are filled.
- 3 Poles, wires, cables.** For long distance lines alone, we are installing this year about 1400 circuit miles of wire and 300 miles of cable. Additional poles, wires, cable are also needed for local service.

WE ALSO NEED:
Poles, Wires, Cables
Switchboards and Dial Equipment
Central Office Buildings

O'NEIL-WOODBURY

Mr. and Mrs. Fred Merrifield an-
nounce the marriage of their
daughter, Doris Ruby O'Neil, to
Richard Vondell Woodbury, son of
Mr. and Mrs. William Woodbury of
Sedgwick. The ceremony was per-
formed June 1 by Rev. Maldwyn V.
Parry at the parsonage, the double
ring service being used.

Mrs. Doris Woodbury, sister-in-
law of the bridegroom, was maid of
honor and Arnold Woodbury,
brother of the bridegroom, was
best man.

The bride wore a gold colored
suit with black accessories and a
corsage of red carnations. Mrs.
Woodbury wore a blue suit with
black accessories and her corsage
was of red and yellow carnations.
Mr. Woodbury is employed as
truck driver at Spear's Lumber
Yard, and the bride has employ-
ment at Bay View Hotel, where
they will reside for a time.

MRS. JULIA E. ABBOTT

Julia Emma Abbott, widow of
Woodbury Abbott, died at the home
of her daughter, June 2 after an
illness of six months. She was
born in Vinahaven, Oct. 18, 1862,
oldest of six children of Ezra and
Eleanor (Blackliff) Chapman.

Since the death of her only sister
last Summer her health had failed.
Mrs. Abbott had so many qual-
ities that endeared her to her
friends that it is difficult to num-
erate them. Her graciousness
and dignity were always evident.
She had a wonderful sense of hu-
mor but predominating were her
gentleness and love for others.

During her last illness she had
been tenderly cared for by her
daughter, Mrs. Charles Anderson,
who was untiring to anticipate her
mother's very wish.

She is survived by two daughters,
Mrs. Eva Haskell of Shelton, Wash.,
and Mrs. Iva Anderson of Owls
Head.

Services were held at the Burpee
Funeral Home Wednesday, Rev.
Wendell Wilson conducting, with a
duet by Mrs. Arthur Fish and Mrs.
William Dorman. Interment was
in the family lot in Achorn Cemetery.

The beautiful floral tributes gave
testimony of her large circle of
friends.

Those from out of town to attend
the services were Mr. and Mrs. Ar-
thur Chapman of Portland, May-
nard Chapman, and Bernard Chap-
man of Cambridge, Mass., Mrs.

MORTIMER-PAYSON

A lovely wedding was solemnized
May 19 in Sharon, Mass., when
Miss Ruth Norton Payson of Rock-
land became the bride of Thomas
C. Mortimer of Dorchester, Mass.

The bride wore a beautiful ivory
satin gown with long train, also long
veil caught with orange blossoms.
She carried a bouquet of white sweet
peas and snapdragons tied with
tulle. Her matron of honor was
Mrs. Alan Mortimer. She was
gowned in fuchsia crepe, carrying a
cascade of pansies.

Best man was the groom's brother,
Leo Mortimer. Ushers were brothers
and a cousin.

To the strains of the wedding
march the bride entered on the arm
of her uncle, Lawrence Norton of
Taunton, Mass. The bride's mother
wore rose crepe, old gold accessories,
with a tulip corsage. The groom's
mother wore a blue tulle suit, her
corsage being pink honeysuckle.

The groom's gift to his bride was
a mahogany low-boy, a wonderful
piece of his handiwork, being a re-
production of an antique.

Many lovely gifts were received. A
reception followed at their new
home 16 Depot street. The rooms
were decorated in flowers, pink and
white dogwood used very effectively.
With red and black, and silver
candles being used, also large bou-
quets of flowers.

Refreshments were served from
a lovely appointed table, silver
candles being used, also large bou-
quets of flowers.

The groom has recently been
honorably discharged from the
Coast Guard, being stationed at the
Rockland base, three years also
several months in Newfoundland.
The bride graduated from Rockland
High School in 1945 and has been
employed locally. Her going away
costume was grey, complemented
with red and black. Amid great
hilarity and well wishes the happy
couple made a hasty exit to the
train for a honeymoon in New York.

The Class of 1937, R.H.S. will
hold its reunion on July 13 at Hotel

includes Meredith Dondis, Betty

as one would expect from that go-
getter trio is to be announced

This And That

By K. S. F.

The origin of the expression, "To
be worth one's salt," came when part
of the wages of workers of Salarium
or salt was paid in salt. And thus
came the word "salary"—mean-
ing wages.

In ancient Rome it was the cus-
tom to use slaves as actors in the
theatres, thus saving expense for
productions as they were mostly
slaves which the manager owned.

Amber amulets were once thought
to ward off illness if worn, as it was
supposed a magnetic influence was
cast by amber.

And find it we can't, and get it we
don't.

Cooked Salad Dressing

One teaspoon salt, 2 tablespoons
flour, 2 tablespoons sugar, 1 egg,
1 cup irradiated evaporated milk,
1/4 cup vinegar. Blend salt, flour
and sugar. Add egg. Mix well, then
add milk. Cook over boiling water
until mixture thickens. Stir in the
vinegar slowly. A dash of black
pepper and a teaspoon of dry must-
ard may be added. Makes 1 1/4
cups.

This tale, originating from
Manila, is now making the rounds.
Lanihan, a tough old soldier
was caught in a Japanese dragnet
in the Legation of southwestern
Luzon. "Where are you from and
what is your native home, old man?"
a Japanese officer inquired.

"I'm from Tennessee," replied
Lanihan.

"Japan," the officer announced.
"has no war with Tennessee. You
may depart. You are a non-bel-
ligerent national."

If one will think clearly on the
subject he will find his thoughts
and convictions make for fate in
most cases. Think good and you
will be just that. Think vigor and
it will come to you. Fill your mind
with kindly and loving thoughts
and your heart will overflow with
the joy of life.

Do you know the blowfish? Nor-
mally he is quite an ordinary fellow
except his head is overlarge and he
has buck teeth. But surprise him,
disturb him. Instantly he begins
swelling, transforming himself into
balloon-like proportions. You hold
your breath, certain he will split
down the seams. He floats on the
water surface belly-side up until
he thinks the danger is past. Then
he opens a valve and the air rushes
out. He's no longer a freak in the
fishes' sidshow, just an ordinary fish
hunting a living in the deep.

All these perfectly unpatriotic
strikes through our country are re-
sponsible for death, famine and bad
feelings in this nation. The self-
ish are trying to run our country
these days and they are the strik-
ers and mostly foreign birth. Thou-
sands of pounds of good meat have
been allowed to spoil because of
these selfish strikes.

A TWENTY-FIVE POUNDER

The old story of the "boy and the fisherman" takes place occasionally in Northern Quebec's countless fishing paradises each year. Fortunately there are plenty of giant Lake Trout like this one to be brought to bay by the skilled fisherman, so that the business-minded youngster seldom finds a market among the thousands of fishermen who throng into untouched lakes north of Quebec City. The Lake Trout is an evil-looking brute with big, vicious mouth, but he makes marvelous eating and will give you the fight of your life.

SEA SCOUT NOTES

Robert McIntosh, member of the "Red Jacket" leaves June 22 for the Coast Guard Academy in New London, Conn. where he will embark with seven other New England Sea Scouts and a crew of Coast Guard Cadets on a two-weeks' cruise.

The Rockland Sea Scout Ship received this honor because it is the highest rated in Maine.

Following the cruise, Robert will go to the Sea Scout Camp at Raymond, Maine to be Commodore Johnson's assistant for two weeks.

This shows the public that Sea Scouting is not an idle pastime but contributes greatly to a boy's worth to himself and to his country. During the past war, the Navy and Coast Guard found this to be more than true and upon finding the recruit had Sea Scout training, gave him more responsibility and a better rating.

Grange Corner

Pleasant Valley Grange will meet Tuesday at G. A. R. Hall public supper at 6. The program will be a memorial program.
